**LOCATION**  
San Luis Obispo, CA

**SIZE**  
20,000 sf

This new warehouse allows the county of San Luis Obispo the ability to store double the amount of food that is distributed to the community more efficiently as it brings together services and programs all under one common space. The project contains approximately 3,000 sf of conventionally framed wood and improved interiors for administrative office functions. The project scope also called for a 21'-3" x 10' lean-to addition.
