National Oilwell Varco's Downhole Tool Service Center consists of a 55,000 square foot shop and a 12,000 square foot office space. The custom CBC steel building included four aircraft bi-fold doors and featured 5-ton bridge cranes and (28) 1-ton jib cranes. The building's slab is sloped and drained for an integrated water recycling system. The roof and wall panels are Standard R-panels in Regal White.
