This 4,000 square foot CBC steel building is a private art gallery for the Oakwilde Ranch and Sculpture Park located in the scenic hills of Calaveras Country. The building is located on 55 acres with sculptures scattered throughout, in the California foothill park location.

The main structure consists of a 50' wide x 80' long x 14' eave height steel building with a 4:12 roof slope. The southeast corner, has a 18' wide x 50'/45' long x 11' eave height, hipped, wrap-around, roof-only lean-to which is covered with galvanized corrugated pipe. This building also features a 1,334 square foot mezzanine on one end. Roof panels are Standard "R" panels in Pearl Gray. Roof and walls are insulated with 3' metal building insulation. Three 2' x 10' prismatic skylights are installed in the roof ridge to provide natural lighting throughout the space.
