2" ST40 Smooth Faced  
insulated Metal Panels

## ROOF SYSTEM

SR2 Insulated Metal Panels

The Temple Baptist Church new building features a gymnasium/multi-purpose room, a children's assembly room, large classrooms, a nursery and administrative offices. The surrounding classrooms and administrative areas are conventionally framed with metal studs, stucco and wood roof trusses with standing seam metal panels. The building roof is covered with SR-2 4" Insulated panels to meet energy codes. The wall panels are 2" thick ST40, smooth faced insulated metal panels. The dimensions of this church facility are 60' x 97' x 35' for the upper portion of the building and the lower portion is 65' x 59' x 18'-6".
