

## NBG Awarded Sourcewell Contract

*Builders can now satisfy local government & institutional customers' competitive bid requirements using Nucor Building Group's Sourcewell contract.*

CBC Steel Buildings works continuously to develop cutting-edge tools and programs that help our Authorized Builders grow their businesses. [We are proud to announce the new contract between Nucor Buildings Group and Sourcewell.](#)

Sourcewell is a leading, independent government agency with legislative authority to establish contracts and offer a cooperative purchasing procurement process for members—including municipalities, government, education institutions and non-profits located throughout the U.S. and Canada—that is compliant, competitive, and convenient.

### Upcoming Webinars

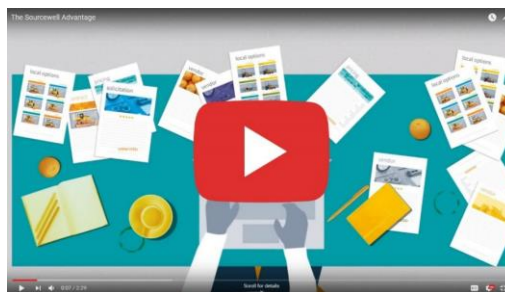

We will be hosting a series of webinars, beginning September 17<sup>th</sup>, that will offer detailed information on our partnership with Sourcewell. In this session, you will learn more about who Sourcewell is, who can become members, how cooperative purchasing works, and most importantly how this program opens exciting new avenues for CBC to work with our Builders to supply buildings without the need for an owner to go through the typical bid procurement process.

To sign up for an upcoming webinar:
