BUILDING END-USE

Trucking Shop

Located off highway 101 in Alton, California, Customer Truck Service is now one of the leading transportation providers on the north coast serving California, Oregon and Washington. The 12,000 square-foot pre-engineered metal building is an 80'x 150' rigid frame structure featuring at-eave canopies on each sidewall. The left end wall — the entrance of the building — has a gable overhang with a 12' projection. The building includes ten overhead doors.
