

Carriere Family Farms

LOCATION

Glenn, CA

SIZE

272,000 sf

WALL SYSTEM

R-Panel
Polar White

ROOF SYSTEM

Standing Seam 360
Regal White

BUILDING END-USE

Bulk Storage/Processing Facility

Carriere Family Farm's state-of-the-art processing facility will efficiently provide quality products to their customers across the globe. This massive 272,000 sf project took two phases to complete. The bulk building stores walnuts where they sit before being processed. The connected processing building brings the walnuts over by a high-tech conveyance system. The design features multiple framed openings, a partial mezzanine, and a large canopy. The exterior is clad with R-Panel walls in polar white and a Standing Seam 360 roof system in regal white.
